

## Alle Spezialregister von MMIX

Symbol	Register-Name	Seite
rA	Arithmetic status register	225
rB	Bootstrap register (bei TRIP)	224
rC	Cycle counter	275
rD	Dividend register	56
rE	Epsilon register	144
rF	Failure location register	249
rG	Global threshold register	111
rH	Himult register	56
rI	Interval counter	276
rJ	Return-jump register	113
rK	Interrupt mask register	228
rL	Local threshold register	112
rM	Multiplex mask register	131
rN	Serial number	276
rO	Register stack offset	112
rP	Prediction register	260
rQ	Interrupt request register	228
rR	Remainder register	55
rS	Register stack pointer	112
rT	Trap address register	224
rU	Usage counter	279
rV	Virtual translation register	248
rW	Where-interrupted register (bei TRIP)	224
rX	Execution register (bei TRIP)	224
rY	Y operand (bei TRIP)	224
rZ	Z operand (bei TRIP)	224
rBB	Bootstrap register (bei TRAP)	228
rTT	Dynamic trap address register	228
rWW	Where-interrupted register (bei TRAP)	228
rXX	Execution register (bei TRAP)	228
rYY	Y operand (bei TRAP)	228
rZZ	Z operand (bei TRAP)	228
